

BOSE[®]

In-ear. Noise cancelling. Better sound.

Shut out the world and escape into your world of music – or let the world in. The choice is yours with the

NEW

QuietComfort[®] 20

Acoustic Noise Cancelling[™] Headphones

Turn on noise cancelling to reduce surrounding distractions and focus on your music.

Or choose Aware mode to enjoy your music while also hearing what is going on around you.

There's an inline mic/remote for use with most Android[™], Windows[®] and BlackBerry[®] phones.

For Apple devices we have the QC 20i, with an inline mic and remote to control the volume and change tracks.

Wherever your day takes you, the headphones keep you connected. To the beat of your music, and the pulse of what's around you.

You take your keys, wallet and phone. Now take better sound, too.
